

Manufacturing excellence

Centrally located close to the M1 motorway, our superbly equipped factory offers a diverse product range second to none in the corrugated industry. The plant is supported by long term investment and operates to BRC hygiene standards:

- Manufacturing E, B, C, EB and BC flute profiles
- Offering case making with flat-bed or rotary die-cutting and multi-point speciality gluing
- Operating state-of-the-art wide web flexographic pre-printing with 6 colours plus varnish finish

Service Excellence

Our customer base is diverse, ranging across all market sectors. This means our business is geared to providing maximum flexibility to cater for the many different demands from our customers.

We offer:

- Flexible working patterns
- High volume / cost-efficient corrugated packaging
- Deliveries on time, every time
- Dedicated internal and external sales contacts
- Supply Chain Value Optimisation through innovation and cost minimisation programmes

Product Quality

Our products are designed and manufactured to suit individual needs ensuring they are 'fit for purpose'. We use:

- Leading CAD/CAG design facilities
- CAM sample cutting
- QA laboratory testing with advanced testing methods

We have a Continuous Improvement culture and accreditations in:

- ISO 14001: 2004
- BRC/IOP 'A' grade
- BS EN ISO 9001/2000

Innovation

DS Smith Packaging is at the leading edge of creativity and innovation. Our design and technical teams provide complete solutions to our customers' packaging needs.

We have expertise in packaging supply chain advice delivering cost-efficiency improvements as well as offering the latest retail ready packaging (RRP) solutions to enhance your product sales.
