

## Scotland's leading corrugated packaging plant

DS Smith Corrugated Livingston supplies customers throughout Scotland, Ireland and the rest of the UK in markets as varied as food, spirits, beers and electronics. It operates to BRC hygiene standards, has 6 colour print capability and manufactures C, B, E, BC and EB flutes.

As a customer driven plant we are relentless in the pursuit of customer satisfaction. Through our design and innovative capabilities we offer customers the flexibility, dependability and efficiency required in today's demanding market place.

### Service excellence

Our customers come from every conceivable type of industry and we cater for a myriad of very different requirements with:

- Flexible working patterns to allow for last minute orders
- A standard lead time of 5 working days
- Enquiry turnaround of 48 hours
- On time, in full delivery in excess of 98%
- Dedicated sales contacts

### Product quality

Nothing matters more to us than producing packaging which is exactly fit for its purpose using technology such as:

- Advanced CAD/CAG design
- CAM sample cutting
- ISO 9001/2000 ISO 14001

### Innovation

Through our award-winning designers and our experts in packaging production and machine systems we provide our customers with new ideas for improving efficiency and adding value back into the supply chain. Using our unique Value Engineering process we can:

- Eliminate waste
- Create substantial savings
- Boost on-shelf sales
- Enhance display and merchandising

## High quality post-print

DS Smith Corrugated Livingston is a leader in flexo post-printing. Our printing facilities allow us to produce branded packaging of the highest quality. What's more, we specialise in die-cut wraparounds for high speed bottling lines. We have won the prestigious Flexo-Tech Award for print and innovation three years in succession.

DS Smith Corrugated Livingston has:

- 190 employees
- A production capacity of 85 million square metres per annum
- 10,000 square metres of warehouse space

## Products

Printed flat bed die-cut trays, rotary die-cut trays, regular plain and printed glued cases and multipoint gluing.

Our specialities include high specification post-print in both regular glued cases and die-cut blanks, retail ready packaging and square glued cases that can remove the need for die-cutting when using automatic case erectors.

- Flutes: B, C, E, BC, EB
- Key Machines: Corrugator 2.5m, Martin 718 folder gluer x 2, Martin 924 folder gluer, S & S 701, Bobst 1600 x 2 (one of which has two colour print capability), a Ward RDC, Bobst 5-colour Masterflex printer, multipoint gluers x 2
